**PETITION REQUESTING EXAMINATION OF APPLICATION**

Sir:

It has now been 21 months since this application was filed with the Office. The PAIR report still shows that status is: "Undergoing Preexam Processing." Upon review of our files I find that after this application was filed a request for fees for additional claims was mailed to us on 6/14/04 with the filing receipt for this case. Our office responded on 6/17/04 by paying the required fee of \$129 using a credit card payment. Please see the attached documents. However, our files show that our postcard receipt which was mailed with payment was not returned to us. This was not discovered previously. I believe that our paperwork was not processed at the Office because upon review of our credit card monthly statements for the period from July through October of 2004 I do not find an entry of \$129 from the Office.

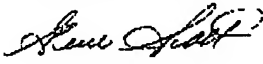

Enclosed is a credit card payment of \$129 that will replace our original payment and your applicant requests that his application be processed and examined as soon as possible.
